

Transition Belper was formed to enable the people of Belper and its surrounding District to create thriving, healthy and caring local communities where people's ways of life take into account the needs of future generations as well as the present ones. To support this aim it carries out and supports work which promotes

- the conservation, protection and improvement of the natural environment
- the prudent use of natural resources, and the minimisation of fossil fuel consumption
- sustainable means of achieving economic and social development and regeneration
- opportunities to increase personal and community wellbeing and resilience
- a greater understanding of resource scarcity and global warming and their likely effects

Whilst rising fuel prices, economic uncertainty, climate change and population expansion bring many challenges, Transition Belper considers these as opportunities to develop community resilience, expand our local economy, and to establish ways of living that are in line with both our Earth's natural systems and the need to preserve our area's historical conservation status.

Transition Belper is a Charitable Company, funded principally through community good will. By becoming a Member you will have a say in what projects it carries out, become fully involved in one or more of them, or even start your own!

If you want to join, fill out the form in full below, and hand it with your subscription to a Trustee. This part will be returned as your receipt. Alternatively, send the whole form with sub to TB Treasurer, c/o 2 Malthouse Lane, Nether Heage DE56 2AS
